2021 Berks County HOG Mileage Recognition Program
November 8, 2020 until November 14, 2021

Chapter Members that accumulate a minimum of 10,000 miles in a one-year period, as either a rider or passenger, are recognized as a Road Warrior. Each year our Road Warrior's names, accumulated mileage, and the number of past years achieving a Road Warrior reward, is recorded into the chapter's Road Warrior history book. In addition, an award patch or yearly rocker patch is presented to wear in recognition of your achievement. A picture of the Road Warrior patch is provided on the chapter web site on the "Programs" tab. Members may register multiple Harley-Davidson motorcycles or rentals in one year and use each of them to accumulate miles toward their award.

Riders, passengers, Harley motorcycles, and odometer miles all must be registered using this signed Registration Form to participate. If you miss the November program kickoff event you may register anytime during the program year.

The Road Warrior program is managed by the Assistant Director along with the help of all the chapter officers and the Parts Department staff at our sponsoring dealership Classic Harley-Davidson. It is the responsibility of every participant of the Road Warrior program to review and follow the registration information and program rules. Contact the Assistant Director at www.AsstDirector@hog.classicharley.com for additional information.

Registration Information

- 1) Chapter Members may register to enter the program anytime by completing this Registration Form. The form requires the signatures of the rider, passenger (if applicable), the motorcycle VIN, and mileage from the odometer. The mileage must be verified and this registration form signed by any chapter officer or employee of the Parts Department at Classic Harley-Davidson.
- 2) Chapter Members may register more than one motorcycle. Each motorcycle requires a separate Berks County HOG Road Warrior Registration Form. All of the rider's registered motorcycle's miles will be accumulated toward the program.
- 3) The chapter's goal is to register every member and their motorcycle for the program. Even if you come up short of the 10,000 miles, your mileage goes toward our annual chapter goal of one million total chapter miles.

For a complete list of program rules, refer to the Berks HOG web site www.hog.classicharley.com

RETURN FORM TO THE ASSISTANT DIRECTOR OR THE PARTS DEPARTMENT AT CLASSIC HARLEY-DAVIDSON
